RBP BAUER

With the new generation of  depaq machines, **RBP BAUER** is setting a new course:

Moving away from the traditional standalone machine – toward a modular, future-proof system.

The focus is on a clear mission: greater flexibility, improved hygiene, and an operating concept based on real-world production processes.

 **depaq depaq is therefore not just an evolution – but a clear step toward sustainable production solutions.**

DEBLISTERING MADE EASY!

Efficient deblistering has a name:

RBP BAUER

With more than 4000 different sets of tooling sold to date, we have handled any conceivable type of blister. But even with this record, we are still looking forward to new challenges.

RBP Bauer has the right answer to all of your deblistering needs!

We will be pleased to talk to you about technical aspects, specifications and costs ...

Tel: +49-2251-77478-0

Model	 depaq allfoil 	 depaq 
In use for	1.) Peelable blisters 2.) Push through packs	Push through packs
Versions	Mounted on mobile stainless steel workstation	1.) Mounted on mobile stainless steel workstation 2.) Open stainless steel workstation and attached switchgear cabinet
Size (L x W x H)	550 mm x 700 mm x 1170 mm (with handles: 634 mm x 817 mm x 1176 mm)	1.) 950 mm x 500 mm x 1100 mm 2.) 550 mm x 480 mm x 1150 mm
Weight approx.	200 kg	1.) 110 kg 2.) 70 kg
Output	CUT Mode: up to 50 blisters/min, infinitely adjustable CONTI Mode: up to 60 blisters/min, infinitely adjustable	infinitely variable, up to 60 blisters/min
Format range (W x L)	variable between 40-145 mm x 55-130 mm	150 mm x 120 mm
Tool sets	5-7 kg	3 kg
Supply voltage	110/230 V AC / 50-60 Hz	110/230 V AC / 50-60 Hz
Control voltage	24 V DC	24 V DC
Tooling changeover approx.	3 min	3 min

All **RBP BAUER**-machines and deblistering tools are a testimony to our comprehensive know-how. We only use carefully selected and thoroughly tested quality parts and materials in accordance with the pharmaceutical industry's demanding standards. All **RBP BAUER**-machines are factory-set on delivery and can be commissioned immediately with minimum start-up effort. On request, we can offer you setup and on-site training services as well as validation support according to your specification. All **RBP BAUER**-machines come with a comprehensive set of documentation comprising easily understandable and richly illustrated operating instructions, a circuit diagram with part lists, the machine layout and an EU Declaration of Conformity including a list of the used materials. All **RBP BAUER**-machines and change parts are covered by a product warranty of two years. Of course, you can rely on our continued customer support after this period, should any problems occur.
